FROZEN TRUTH.

How a Revolutionary Fire Killed a Panther With Bullets of Sweat.

From the N. Y. Sun.

I guess none of you fellows ever heard of the winter of 1776, or you'd keep a little mum on the cold weather question," said the Old Settler, who had come down from Wayne county for a little visit. "I've know'd some sportin' old winters in my time, but my gran'father's experience in the winter of '76 ruther beats anything o' mine.

"My gran'father were a great hunter an' Indian killer. He fit in the revolution, all 'long the Del'war valley. The winter of '76 was terrible cold. Everything in these parts was friz up tighter 'n a snare drum. On one o' the coldest days my gran'father struck the track o' some Indians in the hills just above here. He follered 'em, and killed two on 'em, an' then started back over the ridge for his cabin. My gran'father lived to be a hundred years old, an' to his dyin' day he stuck to it that what I'm goin' to tell you were ez true ez preachin', an' I b'lieve it. He started back for his cabin over the ridge. He hadn't gone fur when he shot a wolf. He hadn't much more than fired his old flintlock when he heard a yell off to the left, an' lookin' that way see a big painter comin' fur him. Painters was a picnic fur the old man, an' he rammed down a big charge of powder an' reached for his bullet pouch, when, lo, an' behold yef it were gone. He'd lost it somehow in the woods. Fightin' painters without bullets wasn't so much of a picnic. Besides the ole man had got cold standin' that, an' he didn't care to tackle an able-bodied painter while his hands was all stiff. The painter came a creepin' up with his fangs a showin' an' his jaws reder 'n a round o' beef, an' his tail a switchin' like a cow's in fly time. Cold as it were my gran'father said the sweat started out on his forehead and rolled down his cheeks bigger'n horse chestnuts. They dropped on the ground in big balls, fur they riz ez fast ez they fell. They piled up about his feet, an' the painter kep a creepin' up. Suddintly an idee hit my gran'father plumb in the top knot. He grabbed up a han'ful o' sweat ez were friz in balls an' poured 'em in his musket.

"If I can git these into that painter fore they melt, thinks he hisself, mebbe they'll settle his hash." "Arter crammin' the sweat o' his brow in the musket, my gran'father blazed away. But the heat o' the gun bar'l had melted the ice balls, an' they went out'd the gun like a stream out'a a hose. But the cold weather wasn't foolin' around there for nothin', an' fore the stream o' water had gone three foot it was friz inter a solid chunk, an' went kepplinkly inter the painter's skull. But my gran'father said he owed his life to natur arter all, for the charge o' ice never would a made the painter give up the ghost, an' it never would had no effect on him at all, only there wasn't force 'nough to drive it clean through his head. That saved my gran'father from a chawin'. The chunk o' ice stopped in his skull. The animal heat melted it, an' fore the painter could recope'ate an' git his work in on the old man he died of water on the brain. I was allus sorry that my gran'father didn't have that painter stuffed an' handed it down in the family," concluded the old settler, as he adjourned with the boys for refreshments.

TUESDAY.....FEBRUARY 1, 1911

A GRAND SPECTACLE.

Venus, Jupiter and Saturn are nearing each other fast. Another planet, close to Saturn but invisible to the naked eye. It is Neptune, the eighth planet of our system in distance from the sun. These four planets will be in a little cluster by the end of April. Venus is constantly increasing in brightness. A good opera glass will now show her in the form of a beautiful crescent. The grand conjunction of these planets will be a spectacle not to be seen again for many centuries. The Rev. U. B. Slater gives the Sacramento Bee these particulars of the extraordinary grouping to be completed about the end of April:

"This group of four planets will be assembled in the constellation Aries, and when nearest together will make nearly a straight line with the sun and earth. Venus will be between the earth and the sun, and Jupiter, Saturn and Neptune will be on the other side of the sun, or beyond it. Venus will be about 66,000,000 miles this side of the sun, Jupiter 475,000,000 miles beyond it, Saturn about 872,000,000 miles beyond it, and Neptune about 2,746,000,000 miles beyond it.

"When it is considered how unequal are the times in which these planets move around the sun, Venus making its circuit in about 224 days, Jupiter in about 11 3/4 years, Saturn in about 29 1/2 years, and Neptune in about 164 1/2 years, it is wonderful that so many planets, moving in their respective orbits, should come into such a position as to appear, as seen from the earth, in a close group or huddle, and in point of fact to make nearly a straight line with each other and with the sun and earth."

There is no difficulty in distinguishing the planets now shining so brilliantly in the west at evening. Venus is now the first star visible at the close of day. Her light will soon be so bright that she will be easily seen in broad day. Almost in a straight line with Venus, and higher up in the sky, are Jupiter and Saturn, Jupiter being midway between the two others.

UNCALLED-FOR CENSURE.

The Virginia Enterprise of this morning indulges in harsh and unjust reflections upon the people of Reno. When it says that "The desire to fatten upon the profits accruing from the care of our unfortunate insane, as well as from the custody of the State's convicts, is becoming the prevailing sentiment in the town of Reno," the Enterprise is saying what is not true. We can assure our esteemed contemporary that there is no general anxiety in Reno to fatten upon the profits of any public institution. Reno has grown to be the most flourishing town in Nevada without aid from the State purse, and will continue to grow and prosper without the State Prison and the Asylum. But there are reasons why Reno should be preferred as the location for those institutions, and our representatives in the Legislature have properly and decently urged them for consideration. The people of Reno do not desire to have State buildings erected here through jobbery. We have often pointed out the advantages which Reno offers over any other place in the State for such institutions as those under consideration, and we have not space to-day to recapitulate them.

In spite of the announcement of the suspension of the Carson Times, that paper came along last night as usual. We hope it may live and be prosperous.

The Chicago Racing Association offers \$10,000 to any horse that will beat 2:10; Maud S. and St. Julien being the favorites.

Richard A. Proctor, the well-known English astronomer, is lecturing in San Francisco.

EDITORIAL NOTES.

Says the Reno Gazette: "The Weekly Gazette and the Congressional Record will be supplied together for one year for \$2 50, the price of the Gazette alone." The Gazette is a good, bright, readable paper, well worth even more than is asked, but when it tries to inflict upon its readers such a mass of Congressional vanity and idiosyncrasy as the Record contains it should pay a premium of \$2 50 for every subscriber, instead of asking him for it.—Sacramento Bee.

For once our esteemed contemporary has failed to see a joke. It seemed to us sufficiently obvious, but we apologize, all the same.

When Senator Hammond asked for and obtained leave of absence to go to New York, it was understood that pressing family business called him away. Now it turns out that he went east to represent Nevada in some kind of a Methodist conference, and that

his expenses are paid for him. The Carson people are beginning to complain, as they have reason to. Let us see whether Senator Hammond will draw pay from the State for work not performed.

"Castor oil is used in the Suto tunnel as a lubricator. It cost the Tunnel Company \$900 per month for this item alone when the north header was running."—Gold Hill News, Jan. 29.

"It costs \$9,000 a month to lubricate the Suto tunnel. The header is driven at a high rate of speed, and the friction against the rocks is very great, heating the water in the tunnel nearly to boiling point."—N. Y. Sun, Feb. 15.

Boston is more famous for baked beans and brown bread than for anything else. This is melancholy, considering the aspirations of its esthetic inhabitants, but it's true. The consumption of beans in Boston is about 200 barrels per week, or 10,000 barrels a year. Nearly all the beans consumed there are cooked over night. Hence the excellence of the Boston dish.

There is again talk of dividing California into two States. It is proposed to draw the dividing line north and south through Tehachapi pass. It appears that an act was once passed by the California Legislature calling for a division of the State, but no action has ever been taken in the matter by Congress.

The Enterprise says that "J. W. Mackay has engaged a suite of rooms for himself and family at the Grand Hotel, Charing Cross, London, for two months from May 1." This doesn't look as if Mr. Mackay thought that any occasion would soon arise for his return to the Comstock.

On Wednesday last, says the News Letter, the sales of stock at the Big Board were lower than they have been for ten years. They amounted in all to \$7,700, giving each broker a commission of \$1 80. This would hardly pay the interest on the broker's diamond studs.

George Jones, of the New York Times, says \$225,000 has already been subscribed to the Presidential Fund, which will likely be given outright to Grant. Others declare that Gould, Mackay, Vanderbilt and Edwin D. Morgan gave \$25,000 each.

Up to the hour of going to press, the GAZETTE had received no news from Carson of any action on the State Prison bill, although it was expected that a vote would be taken this afternoon.

The Sierra Iron Co.'s railroad from Oroville via Beckwith Pass, to connect with the Nevada & Oregon, is to be a two-foot gauge road. This is the narrowest gauge ever projected in California.

In South Carolina a white man has recently been convicted of voting twenty-one ballots at once. As the jury gave a recommendation to mercy, it is fair to presume that he was a Democrat.

In spite of the announcement of the suspension of the Carson Times, that paper came along last night as usual. We hope it may live and be prosperous.

The Chicago Racing Association offers \$10,000 to any horse that will beat 2:10; Maud S. and St. Julien being the favorites.

Richard A. Proctor, the well-known English astronomer, is lecturing in San Francisco.

A Victoria dispatch says the eruption of Mount Baker is increasing in violence.

Thomas Carlyle, the famous author, is believed to be on his death-bed.

Conceding the Cora.

From the Dayton Times, Jan. 23.

There is no possible chance of securing the insane asylum for Dayton, just now. Two years hence we will be able to make an effort in that direction, with some show of success.

The Southern Pacific Road is now built forty miles southeast of the meeting point on its way to El Paso, and to Deming. The graders of the Atchison, Topeka and Santa Fe and the Southern Pacific are in sight of each other. Mr. Valentine says they are not more than four miles apart and in a few days will be together. As soon as this occurs and the grading can be completed the ties and rails will be in place and trains will begin to run.

ROUND ABOUT.

Snow is so deep in Helena, Montana, that the streets are almost impassable, and teams are engaged to haul it away.

Montana stock raisers sometimes use wooden scrapers to clear the snow off pasture slopes, so that the cattle can reach the grass.

Needles, the Comstock tragedian, was sent to the Store County Hospital yesterday. He complains that nothing will lie upon his stomach.

Von Mops, the great Belgian horticulturist, is reported as saying grafts came into his hands after being three years in the mails, which he grafted and they grew.

January 22d, near Sonoma, the vault containing the bodies of Major J. R. Snyder and his brother-in-law, W. Sears, was violated. The stone wall was broken with a crow-bar, the caskets broken open, and the rings on the fingers of the deceased stolen.

H. K. Owens was on horseback going by a shaft near the New York Hill mine, Grass Valley, Thursday night, when his horse sprang sideways, and both fell into an old shaft twenty-five feet deep. The rider was still on the horse when they struck bottom. Though badly hurt, he will recover, but the horse was killed.

The great fault with many orchardists is that they do not trim their fruit trees closely enough. What they want is comparatively short limbs and stout-bodied trees. The fruit will be much better in quality and much larger too, if the tree is kept well and closely pruned.

An Orange county correspondent of the Los Angeles Express says: "It used to be thought that half a lifetime was necessary to bring an orange grove into bearing, but several orchards that have been set out less than three years will, this season, not only pay all contingent expenses of cultivation etc., but make a good living for their fortunate owners."

Have you seen Goegge's new invoice of jewelry, right from the manufacturers' hands.

SHILOH'S CATARRH REMEDY. A marvelous cure for Catarrh, Diphtheria, Canker mouth, and Headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50 cts. For sale by Osburn & Shoemaker, Druggists Reno.

Reno Evening Gazette

TUESDAY, FEBRUARY 1, 1901

V. & T. TRAINS.

V. & T. Trains arrive and depart from Reno as follows:

DEPARTURES.
The "Virginia Express" leaves Reno every morning at 6:30, arriving in Carson at 8:15, and in Virginia at 9:30. The "Local Passenger," No. 5, leaves Reno at 8:15 every morning, arriving in Carson at 10:30, and in Virginia at 11:30. The "Local Passenger," No. 6, leaves Reno daily at 1:30 p. m., arriving in Carson at 4 p. m., and in Virginia at 5:30 p. m.

ARRIVALS.
Returning, the "Virginia Express" leaves Virginia at 5:30 p. m., arriving in Carson at 8:15, and in Reno at 9:30. The "Local Passenger," No. 4, leaves Virginia at 8 a. m., arriving in Carson at 9:30, and in Reno at 10:30. The "Local Passenger," No. 6, leaves Virginia at 3 p. m., arriving in Carson at 5:30, and in Reno at 6:45.

ARRIVALS AT THE ARCADE HOTEL.

D. C. Ryan, Susanville; B. E. Brown, Susanville; J. H. Bonnell, Susanville; C. L. Lovell, Susanville; J. C. Bonnell, Susanville; T. Kennedy, Susanville; D. McFarland, Franktown; W. Woodruff, do.

JOTTINGS.

A new attraction is advertised for the Theater Comique to-night.

J. E. Jones, of Reno, is still a candidate for the Wardenship of the State Prison.

It was cold enough last night to freeze over shallow pools of water out of doors.

An advertiser wants to rent a house of five rooms, furnished or unfurnished.

Mrs. Alt's dancing school in Reform Club hall was well attended last evening.

The foundation of the new quartz mill on the Peavine road, was injured by the rain.

Over a hundred tickets have been sold in Reno for the Knights' excursion next Monday.

The over-due Susanville stage arrived at 4 p. m. yesterday, nearly 24 hours late. There are bad wash-outs on the road.

The mild weather has deceived the frogs into the belief that spring is here. They have come out of the mud and begun to croak.

The Amateur Quadrille Band's invitation dancing party in the Theater on Thursday evening will be the social event of the week.

"Yankee Dodge" has arrived in Reno and taken a store on the east side of Virginia street, "to give the poor man a chance," he says.

Buy a ticket for the Sheet and Pillow-case party on the 23d, and help along the Reform Club. The object is to pay off the debt on the piano.

The flood in the Truckee must have cleared out any brush dams that may have been in the river, so the fish will now have a good chance to get up.

Through some misunderstanding between Wells, Fargo & Co.'s express horse and Sam Stanaway this morning, the shafts of the wagon were broken off.

L. N. Breed offers a reward of \$50 for the recovery of four yearling fillies which strayed from his ranch in Honey Lake valley last December. See 50-cent ad.

Webber and McLeish say they did not venture on the river in a boat last Sunday for pleasure, but to catch drift wood. They also deny that they burnt the chain off the boat.

It appears that Reno makes a good impression by night on travelers passing through. "Lively place, this," said one overland passenger to another. "Yes," said the other, "look at that window." They were passing by the White House.

Snow banners—light snow blown off by the wind—were flying from the summits of the Sierra this morning. Very beautiful, they looked, those white banners, streaming out from the mountain tops and flashing in the sun.

Goeggel gets all the watch work that he can attend to. Such is the advantage of a thorough knowledge of his business, backed by a reputation for good work and fair dealing. His sales are constantly increasing, and he keeps a fine stock of jewelry, clocks, watches, etc., constantly on hand.

The Sierra has an odd look now. The lower half was washed nearly clear of snow by the late rain, but the effect has been to give it there a dirty look. What patches of snow remain are discolored. But on the upper heights the pure white snow was falling while the rain fell at their base, and they came out of the storm more beautiful than before.

THE THREATENED FLOOD.

Franktown in Danger—The Little Valley Dam Expected to Give Way.

A telegram from Franktown was received here last evening stating that the dam across Little Valley was expected to break, and that people were moving out of Franktown to escape the threatened danger. The dam was still standing when the down freight train passed there at 11 o'clock to-day, although it was then believed to be giving way, and it was thought that it could not stand. The recent rain has filled the reservoir full to overflowing, and the sluice-way was not large enough to give adequate vent to the water. People were moving out of Franktown this morning beyond the reach of the expected flood, and taking their valuables to a place of safety.

The Little Valley dam is built across a narrow gorge in the mountains, about a mile above Franktown. The town lies at the mouth of the gorge and the dam is at an elevation of 4,000 feet above the town. The dam is of stone and earth, 56 feet in height and 100 feet wide at the base. It was completed last fall, at a cost of about \$4,000. It was constructed to form a reservoir for irrigating purposes. The cost was defrayed by an association of ranchers who expected to use the water. William Thompson was the builder. Before the work was begun, the ranchers raised \$4,000 for the purpose and deposited the money in the Reno Savings Bank. The failure of that institution engulfed the deposit. It is estimated that the damage to property which would necessarily result from the breaking of the dam could not fall short of \$40,000. The ranches in the path of the deluge would be covered with sand and gravel. As Franktown lies directly in the way, its buildings would probably nearly all be demolished by the flood. At 3:30 this afternoon the dam was still standing.

The Agricultural Society's Affairs.

A meeting of citizens interested in the affairs of the Agricultural Society was held last evening, pursuant to adjournment, in Justice Young's office. The committee appointed at the last meeting reported in favor of the county's assuming the indebtedness of the Society and taking charge of the property. A committee was appointed to circulate petitions through the county and obtain signatures of those who favored the plan. Should it appear that a majority of the tax-payers approve, the Legislature will be asked to pass a law authorizing the County Commissioners to issue bonds for the liabilities of the Agricultural Society and to take possession of the property of the Society. Of course nothing can be done without the consent of the N. S. A., M. & M. S., but it is understood that the Society with the long name is, like Barkis, willin'.

The Concert To-Morrow Evening.

The young ladies have taken much pains to prepare a good entertainment to be given to-morrow evening in the Methodist church, for the benefit of the general fund of the congregation. The following is the programme: Trio, Misses Finlayson and Mosher. Tableau, "Elaine." Reading, Miss Lottie Warren. Solo, "The Blue Alsatian Mountains," Mr. Smith. Pantomime, "Reveries of a Bachelor." Reading, Miss Effie McNeely. Instrumental Solo, Miss Marzen. Comedy, "A Bad Case." Solo, Miss Jamison. Tableau, "Coming Through the Rye." Solo, Miss Toombs. Tableau, "Execution of Lady Jane Grey." Comic Pantomime, "Woman's Rights." Tickets of admission are sold at 25 cents, and can be had at the door.

Although Mr. Pinniger is greatly missed, Queen's drug store is as popular with the ladies as ever. Mr. Queen has an enviable reputation for care and skill in compounding subscriptions, and is fully as courteous and obliging as the head of the former firm. The establishment is full of fine goods.

Cattle on the Road.

Wheeler had 80 cattle due here from the north to-day for shipment, and West Bros. 200 head. Hope will have 200 in on Thursday, to be shipped on Friday.

Stocks.

In this morning's board stocks showed little variation from yesterday's figures. Ophir sold at 5 1/4, and Alta at 60. New York was to day assessed 10 cents.

CALIFORNIA FLOODS.

The Highest Water Ever Known in the Sacramento.

The recent storm was general throughout California. There were floods in all the rivers, and considerable damage is reported. Fears were on Sunday entertained for Sacramento and Marysville, but those cities happily escaped any serious injury. Yesterday morning the gauges showed 26 feet of water at Sacramento, the river having reached a higher point than ever before. There was overflow at some points in the city, but nothing like a general inundation. The ranches about Brighton, however, were flooded. Marysville appears to have had rather a narrow escape. The water ran over the tops of the levees in some places. On the east side of the Feather river, levees broke and ranches were submerged. The city was surrounded by water at last reports, but the flood was falling.

Napa was flooded, and the low country surrounding it was submerged. Even San Francisco was injured by the heavy rainfall, water being reported in the cellars, and sewers caving in. The Parajo river was booming yesterday, submerging Watsonville, and putting Gilroy partly under water. Railroad wash-outs were numerous everywhere, and much damage was done to the roads in the northern part of the State. The following figures are from the Sacramento Bee:

"The total rainfall for the recent storm was 4.99 inches; for the month, 6.14 inches; for the season, 18 inches. In 1890, up to the same date, the rainfall was 7.98 inches; and to the same date in 1879, it was 5 inches."

Schooling Keeps the Bullion.

About two months ago some bullion was taken from an express car here under an attachment obtained by Jerry Schooling. The bullion was in transit from a mine in Humboldt county to San Francisco. The expressman protested against the seizure, and the company made a formal demand for the restoration of the bullion. The agent who received the bullion from the mine began suit for its recovery. Proceedings were subsequently dropped, however, and Mr. S. was allowed to retain bullion. The affair raised the question as to whether goods in transit in the hands of an express company could be attached for a debt due from the shipper to a third party. Wells, Fargo & Co. were apparently not anxious to make this a test case.

Our Farmers Should Try It.

Says the San Francisco Bulletin: "Burbunk's Sport is a new potato, originated in California. It is the result of four years' careful selection from a 'Bud Sport,' which originated at Tomales, Cal., from the celebrated 'Burbunk seedling.' It is quite distinct from it, being from four to six weeks later, averaging twice as large, and having a shade of pink around the eyes when first dug. The vines are large and thrifty, standing upright and remaining fresh and green until late in the season. The tubers keep unusually well, and good judges to whom it has been submitted for trial, pronounce it in quality equal to the best, and in productiveness it is claimed to be without a parallel."

The Fire at Buffalo.

Respecting the fissure which recently appeared in the earth near Buffalo Salt Marsh, E. B. Giles writes the GAZETTE as follows: "B. Winnie and I, in a walk last Sunday, discovered a crack in a pile of rock. Our curiosity being excited, we obtained a rope at the house, and I descended some 20 feet. But having no candle, I examined the face of the walls at that depth and returned to the surface. In the afternoon I. Lanniger and myself took candles and tools, returned to the place and descended some 50 feet, where we obtained a great many fine specimens, among which was the one we sent to D. McFarland by George Avery."

Rev. Mr. Morgan delivered an excellent lecture on "Rome" in the Baptist church last evening, exhibiting a series of illustrations by the aid of the stereopticon. The lecture was for the benefit of the Congregational church charities.

District Court.

A. Lindley has been appointed Administrator of Wm. Kleinsorg's estate.

The case of Bergman vs. Winters is on trial.

New Goods! New Goods at Goeggel's on Virginia Street, Reno. Jan 31-1

BY TELEGRAPH.

Apache Outrages in New Mexico—The Military Doing Nothing.

TUSCON, January 31.
By reliable information, the number killed by Indians in New Mexico since the 16th is found to be as follows: On the 19th three herders and two miners were killed near Chloride gulch. On the 20th two men were killed on Upper Churchhill's in a fight with a band of Apaches. On the 27th five Mexicans were killed twenty miles southwest of San Marcial. On the 21st a family consisting of a man, wife, child and mother-in-law, were massacred at Catrizo, fifteen miles west of San Marcial. On the 23d a buckboard was taken between Silver City and San Marcial, five miles from San Jose, the driver was instantly killed and a Mexican interpreter of Turlos reservation was found dead. Forty Indians left the reservation. It is generally believed there are not less than 200 Indians in bands from ten to thirty on the warpath, and that not less than forty people have been murdered by them during the last fifteen days. The military appear to be doing absolutely nothing.

A King in San Francisco.

SAN FRANCISCO, January 31.
Kalakua, King of the Sandwich Islands, arrived here on Saturday. He states the object of his trip is for the purpose of visiting different Asiatic and European nations with a view of finding out the most feasible means of attracting a desirable class of immigration to take the place of the natives, who seem doomed to extinction within a comparatively short time. The King does not favor Chinese immigration, nor does his people want them. He will leave by the next steamer for Yokohama.

A Startling Discovery.

WASHINGTON, Jan. 31.
The Commissioner of Public Lands has made the startling discovery that within the limits of the United States, north of Texas and between Indian Territory and New Mexico, is a parallelogram of nearly 4,000,000 acres, 200,000 cattle, and a large number of outlaws, without any form of government. It was overlooked when the public surveys were made, and is reckoned one of the finest regions in the West.

Kalloch's Case.

SAN FRANCISCO, Jan. 31.
In the Superior Court to day the case of I. M. Kalloch, charged with the murder of Charles DeYoung, was resumed. This forenoon H. E. Highton finished his argument in support of his challenge to the panel, which was denied by the Court. This afternoon a selection of a jury was begun. The contest over the selection of a jury promises to be hard.

A Brakeman Killed.

LOS ANGELES, January 31.
A. J. Walsh, a brakeman on a special freight train from San Francisco, was killed at Tehachapi this morning. The train was being drawn up grade by two locomotives. He got between the engines to uncouple, and losing his balance fell, the hind locomotive passing over his body, killing him instantly.

The War at the Cape.

LONDON, January 31.
It is not considered necessary to send any more troops to the Cape at present.

The Boers, the night previous to the engagement with General Colley, pressed the Bushmen and Hottentots and compelled them to fight. The Boer force is estimated at 500.

A Shocking Accident.

DUTCH FLAT, Jan. 31.
Geo. Sheriff was found dead this morning on the railroad track, between here and Soda Springs, with both legs severed from the body. He left here for the Soda Springs last night, and it is supposed he fell off the train in the darkness.

A Hurricane in Oregon.

PORTLAND, Jan. 31.
A hurricane swept over Puyallup Valley, Washington county. The Northern Pacific Railroad is obstructed by windfalls. Buildings were unroofed, and in some instances destroyed.

The Funding Bill.

WASHINGTON, Feb. 1.
The Senate Finance Committee to-day agreed to amend the House funding bill so as to make the bonds 5-20's and fix the rate of interest, both for bonds and treasury certificates, at 3 1/2 per cent. The fourth, fifth and sixth sections have not yet been considered.

Mason Valley Copper Mines.

D. R. Fraser writes to the Enterprise from Mason Mining District, as follows: "The Mason Valley copper mines will shortly be seen coming to the front. The Ludwig mine, about four miles northeast of this place, is a valuable piece of property. It is owned by Messrs. Ludwig, Jones & Co. The company have erected a furnace at their mine and will be ready to commence smelting about the 1st of February. There are 3,000 tons of ore already extracted and on the dumps awaiting reduction. The furnace will be capable of reducing thirty tons of ore per twenty-four hours."

Goods in Transit.

In the case of Rosenthal vs. W. A. Walker, a suit tried in the District Court yesterday, a verdict was found for plaintiffs. They had sold goods to a customer in Cedarville named Jones. In Reno the goods were attached in transit by creditors of Jones' living here. The shippers thereupon claimed the goods and sued for their recovery, with the result above stated. Of course, the Sheriff is indemnified.

Which Shall It Be.

The School Trustees of District No. 10 have only sufficient money to run the schools until March 1. The reasons are, 1st. They have been forced to employ three more teachers than ever before. 2nd. It takes more fuel to heat the new school house. 3d. The janitor's fees are larger. They want to know whether they shall levy a tax or close the schools. An election will be held on February 23d to vote on the proposition.

NOTICE.

Notice is hereby given to the qualified voters of Reno School District No. 10 that there will be an election held, Wednesday February 21, 1891, at the old school house, between the hours of 10 a. m. and 4 p. m. Said election is called to submit to the qualified voters of said District the question whether a tax shall be levied for the purpose of continuing the schools of said District for the term of four months longer, there being no more money in the fund belonging to said District than will run the schools during the month of February. The amount proposed to be raised is \$3,300, including the expenses of an election, etc.

By order of the Board of Trustees of said Dist. No. 10. J. L. McFARLAND, D. D. BOWEN.

Reno, Jan. 26, 1891.

The Famous Opera Singers.

Annie Louise Carey and Clara Louise Kellogg are beyond question the most famous opera singers of modern times. In fact they have been universally acknowledged to be the leaders of their profession, as well as ladies of large experience and particularly good taste. They have probably traveled more extensively than any ladies on the stage, and, as a consequence, have had excellent opportunities of judging of the merits of different countries and their productions. It is certainly a very great credit to California and the balmi semi-tropical climate of the Pacific, to have had them pronounce Slaven's Yosemite Colosseum by far the best they have ever seen in any country. For sale by Osburn & Shoemaker.

Goeggel warrants all goods as represented. Work warranted for one year, Virginia St. Reno. Jan 31-1

Answer this Question.

Why do so many people we see around us, seem to prefer to suffer and be made miserable by Indigestion, Constipation, Distress, Loss of Appetite, Coming up of the Food, Yellow Skin, when for 75 cts. we will sell them Slaven's Vitalizer, guaranteed to cure them? Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Slaven's Cherry Tooth Paste. An aromatic combination for preservation of the Teeth and Gums. It is far superior to any preparation of its kind in the market. A large handsome Opal pot, price 50 cents or sale by Osburn & Shoemaker.

All Lovers of a First-class Fit Cigar come to John F. Myers' Drug Store. We do ours west of postoffice. Jan 31-1

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. LEMAY, Station D, New York City mark-odd-D&W

Before sending word or East, examine Goeggel's fine assortment of Jewelry and Watches. Jan 31-1

I will sell cheap for cash or installments the fine lots lying between Bishop, Whitaker's Seminary and Mount Hope Nurseries Reno, Nevada. These are the finest building lots in the State. STEPHEN CONNER. 7-22

Finest brands of old Port and Sherry wine Mount Vineyard, French claret and other wines by the gallon or bottle at the Wine House.

Have "Grandfather's Clock" repaired at Goeggel's. Jan 31-1

Slaven's Consumption Cure. This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cts. per bottle and 50 cts. per box. If your lungs are sore, Chest or Back ache, use Slaven's Porous Plaster. Price 25 cts. Sold by Osburn & Shoemaker Druggists, Reno, Nevada.

For Cheap Drugs, Toilet Articles Patent Medicines, Perfumery, etc., call at Jno. F. Myers' Drug Store, two doors west of the postoffice. Jan 31-1

600 Glasses of Beer a Year for Every Man.

The consumption of malt liquor in this country has increased over 100 per cent. in ten years. "During 1880," says the *Retailer*, the organ of the brewers, "taxes were paid on 13,574,000 barrels, or 414,000,000 gallons. This is equivalent to about 150 mugs for every man, woman and child in the country. Leaving out the females and children, this vast quantity represents 600 glasses a year for each male over 21 years old in the United States. When we consider the very large number of adult males who drink no beer at all, and the other host who partake of it only in the most moderate manner, and at more or less protracted intervals, it is evident that some other Americans must drink a great deal. At five cents a glass this beer manufacture of 1880 brought \$375,000,000, or about \$7.50 per capita for every man, woman and child. This is a quarter more than the total expense of running the United States Government."

A Boston restaurant keeper received an order from the deceased Mr. Harrington, through a medium, for an old-fashioned pumpkin pie. The medium ate the pie while under the control of the delighted spirit.

A Grand Juror at Rockford, Ill., became so distracted by his duties in indicting criminals that he committed suicide.

A Wisconsin law, by which the designation of any person as "a d—d scoundrel" was made a misdemeanor, has been repealed.

Criminals in Germany are said to have increased from 34,882 in 1875, to 600,642 in 1878. So much for the benefit of having a Bismarck.

Dissolution of Co-partnership.

NOTICE is hereby given to all whom it may concern, that the co-partnership heretofore existing between Charles Knut and J. E. Jones, at Reno, Nevada, under the firm name and style of Knut & Jones, has this day been dissolved by mutual consent of J. E. Jones retiring, Charles Knut assuming all liabilities, and collecting all debts and bills due the late firm.

Referring to the above notice, I desire to return thanks for the liberal patronage of the public heretofore enjoyed by said firm, and trust by fair dealing I shall merit a continuance thereof.

Notice.

NOTICE is hereby given that the undersigned have been appointed Executors of the last Will and Testament of John Johnson deceased. All parties having claims against John Johnson, deceased, are hereby notified to exhibit their claims with the necessary vouchers to the undersigned Executors, at the office of J. S. Shoemaker in the store of Oshorn & Shoemaker or at the office of D. B. Boyd, at the Court-house, Reno, Washoe county, Nevada, within ten months from the first publication of this notice, otherwise said claims will be forever barred.

Notice to Creditors.

NOTICE is hereby given by the undersigned, public Administrator of the estate of W. S. Hillen, deceased, to the creditors of said estate, and all persons having claims against the said deceased, to exhibit their claims with the necessary vouchers within four months after the first publication of this notice to the said Administrator, at his office on east side of Virginia Street, Reno, Washoe county, Nevada.

Dissolution of Co-partnership.

NOTICE is hereby given that the Partnership heretofore existing between Jno. W. Whitehead and Jas. B. Whitehead under the firm name of Whitehead Bros., is this day dissolved by mutual consent. Jno. W. Whitehead will carry on the Ranch and meat business, collect all bills and pay all debts.

For Sale.

Eighty head of A-1 DAIRY COWS, price \$2.00 to \$3.00 each, milk route, No. 5 wagon, and 100 milk cans, \$750.00. Also land with a fine view of coast-house, perpetual water, Government title, price \$500.00. I head horses, price \$700.00. On and after the 17th of this month (Oct.) hotels, restaurants, etc., will be supplied with milk at 50 cents per gallon, and families at the rate of 60 cents per gallon, milk payable when presented.

LEGAL.

Sheriff's Sale.

UNDER AND BY VIRTUE OF A DECREE of foreclosure and order of sale issued out of the Second Judicial District Court of Nevada, in and for the County of Washoe on the 13th day of January, A. D. 1881, on a judgment rendered in said Court on the 12th day of January, A. D. 1881, wherein Anna Gilson was plaintiff, and C. G. Bunch was defendant, and wherein plaintiff obtained judgment and decree of foreclosure against said defendant for the sum of \$10,000.00, one hundred and thirty and 10/100 (\$10,130 10/100) Dollars, Gold Coin of the United States, together with attorney's fees in the sum of \$164.50, amount paid for insurance, \$177.00; taxes, \$18.33; costs now amounting to \$39.60, and interest as specified in said decree, and accruing costs, I am commanded to sell that certain piece or parcel of land described in said decree as lots sixteen (16) and seventeen (17), and the west five (5) feet of lot eighteen in block "G," in the town of Reno, County of Washoe and State of Nevada, together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining. Public notice is hereby given that on

Monday, the 7th Day of February, A. D. 1881.

Between the hours of 9 A. M. and 5 P. M., to-wit: at 1 o'clock P. M. of that day, in front of the Court-house door in Reno, Washoe County, Nevada, I will in obedience to said order of sale and decree of foreclosure, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, interests, costs, etc., to the highest and best bidder for Gold Coin of the United States.

Sheriff Washoe County.
Reno, January 14th, 1881.

Notice to Lienholders.

IN THE DISTRICT COURT OF THE Second Judicial District of the State of Nevada, in and for the County of Washoe.

PELIX MURPHY, Plaintiff,
vs.
FERRIS HUBBERT, JR., Defendant.

Notice is hereby given, that the above named Plaintiff has commenced an action in the above named Court against the Defendant above named to foreclose a lien held and owned by plaintiff against defendant and the following described property: those certain five mining claims situate near Steamboat Springs, Washoe county, State of Nevada, known as the mining claims of the Nevada Quicksilver Mining Company, each of said claims being 1000 feet in length and 600 feet in width. Said lien is claimed and this notice is given under the provisions of an Act of the Legislature of the State of Nevada, entitled "An Act to secure liens to mechanics and others, and to repeal all other acts in relation thereto." Approved March 3, 1875.

All persons having or claiming liens on said property are hereby notified to file and prove the same in said District Court at the Court room thereof at Reno, Washoe county, Nevada, on Friday, the 5th day of February, A. D. 1881 at 10 o'clock A. M. of said day, then and there to make due proof of their liens.

PELIX MURPHY, Plaintiff.
Reno, January 10, 1881.

Summons.

IN THE DISTRICT COURT OF THE Second Judicial District of the State of Nevada, in and for the County of Washoe.

The State of Nevada sends to Mary Jane Hall, Greeting: You are hereby required to appear in an action commenced against you as defendant by S. C. Hall, as plaintiff, in the district court of the Second Judicial District, in and for the County of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant were married at Hooksett, in the State of New Hampshire, A. D. 1868, and lived and cohabited together until on or about the 28 day of August, A. D. 1872. That plaintiff was a true and faithful husband and loving father of the defendant from August, A. D. 1872, to the 28 day of August, A. D. 1872, at Reno, Nevada, and defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I, MARK PARISH, Clerk of the district court of the Second Judicial district of Nevada, in and for Washoe county, do hereunto set my hand and affixed the seal of said court, this 12th day of November, A. D. 1880.

MARK PARISH, Clerk.

Commit & Bowman, atty's, for pliff.

Notice to Creditors.

IN THE DISTRICT COURT of the Second Judicial District of the State of Nevada, in and for the County of Washoe.

D. McRae
vs.
His Creditors.

In the matter of the petition of D. McRae an insolvent debtor.

Pursuant to an order of the Hon. Sam'l D. King, Judge of the said District Court, notice is hereby given to all the creditors of the said insolvent D. McRae, to be and appear before the said Judge, in open Court, at the Court room of said court, at the Court House, in said county, on the 5th day of February, A. D. 1881, at 10 o'clock A. M. of that day, then and there to show cause, if any they can, why the prayer of said insolvent should not be granted, to-wit: discharge of said estate from its debts, and be discharged from his debts and liabilities, in pursuance of the provisions of the statutes in such case made, provided, and in the meantime all proceedings against said insolvent be stayed.

Witness my hand and the seal of said Court, this 7th day of January, A. D. 1881.

R. S. OSBURN, Clerk.

While Edison may furnish light to millions, the BOSS will securely give health to all who use it. Thousands have become dyspeptic and bilious from drinking boiled coffee or BITTER WATER (boiled coffee is not coffee, but bitter water mixed with coffee). Stop drinking boiled coffee. Make your coffee as nature ordained, and restore your health. Many inventors have racked their brains to furnish the human family with a practical method of making coffee. At last the HARRY HUNTER has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

To WHOM IT MAY CONCERN.—After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making coffee we have ever seen. Besides saving eggs, it will save a large per cent of the coffee. It produces coffee as clear as wine, which is much stronger, and has a more delicious flavor than any coffee made by any other process.

THE BOSS!

Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1873, June 11, 1875, and July 8, 1879.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produces Boss Coffee.

It makes rich flavored Coffee! Why? Because all the aroma and food are retained.

It beats them all! Why? Because it saves 100 per cent over boiled Coffee, which is not Coffee, but bitter water. Second—Because it saves 50 per cent over any other method of making Coffee. Third—Because it saves eggs and trouble of clarifying. Fourth—Because it makes Coffee as clear as red wine. Fifth—Because it takes only two minutes to make Boss Coffee.

The Boss works as well on Tea, and saves 25 to 50 per cent.

While Edison may furnish light to millions, the BOSS will securely give health to all who use it. Thousands have become dyspeptic and bilious from drinking boiled coffee or BITTER WATER (boiled coffee is not coffee, but bitter water mixed with coffee). Stop drinking boiled coffee.
